TekLink BusinessObjects Offering

Only TekLink has a 1 Day FREE Workshop and Demo for customers to quickly understand the integration, architecture and advantage of Business Objects. With existing SAP Customers' investment in SAP BI and BEx, come see where Business Objects fits in your overall strategy and architecture.

Workshop Roadmap - Lay Out your BI Strategy in Step with SAP

We will advise you on precise and useful **BusinessObjects Integration and Adoption Strategies**. Be armed to take immediate advantage of your BusinessObjects investment in TekLink's proprietary workshop. At the end of the workshop you will be able to understand:

- What is SAP's strategy integrating BI and Business Objects?
- What is the short and long-term roadmap for reporting off of SAP and Non-SAP data:
 - End user visualization
 - Static and ad hoc Reporting
 - Analytics
 - Data Warehouse
- What does TekLink recommend?

Workshop Demo – Live Demo

TekLink has developed a live DEMO, allowing customers to see the look and feel of live BI integration in action! TekLink is the only vendor who will walk you through an end to end demo of BW Integration showing:

Scenario 1:

- a) Simple BEx query data in Excel b) Generate Universe c) WEBI reporting

Scenario 2:

- a) Complex BEx query data in Excel b) Generate Universe c) WEBI reporting. See CKF/RKF etc

Scenario 3:

- Xcelsius Dashboarding using Web Services from SAP BW Data (Universe in scenario 2).

What our Clients are Saying:

"**TekLink** was able to deliver quantifiable value in our process. They were able to quickly understand our complex processes and delivered the results, quickly and effectively."
